Support BLET-PAC!

Help Us Help You

Money from the BLET-PAC is used to help in the fight on Capitol Hill for issues that impact your job, your family and your future!

- Railroad Retirement
- Amtrak Funding
- Federal Employers' Liability Act
- Railroad Security
- Railroad Safety

Big Railroads spend big money in Washington to influence members of Congress and push their anti-worker plans. They outspend working families on politics by more than 15-1. Through grassroots political action and aggressive lobbying on Capitol Hill and in State Houses and City Halls across America, labor has stopped some of the worst attacks on working people.

Congress and state legislatures increasingly control vital aspects of the railroad industry and our profession. We must support those in elected office that support us on issues that are important to us and our families.

Why should you join?

Big Railroads are pushing their agenda harder than ever. That means we have to fight back stronger than ever. Unions cannot just react when important issues arise. We must get in the game early and help set the agenda. BLET-PAC helps elect and retain elected officials who share our concerns.

I Already Pay Union Dues

Laws prohibit the use of union dues for political purposes. Your voluntary BLET-PAC contribution fills this gap and enables us to help those who share our interests on the state and national level.

I'm Almost Ready to Retire

BLET-PAC also works for our retired members and their spouses. We're working to protect your interests on matters related to Railroad Retirement, survivor's benefits, and other timely issues.

The signing of this authorization card and the making of these voluntary
